New Update! **EaseUS Partition Master 9.2.2 Comes with More Considerate Features**

NEW YORK CITY, N.Y., April 17, 2013 (SEND2PRESS NEWSWIRE) -- EaseUS Software, a provider of partition management, data recovery and backup solutions, today announces the release of EaseUS Partition Master in a new updated version: EaseUS Partition Master 9.2.2. This new version introduces a highlight that when upgrading to any paid edition from the trial edition, you just need to purchase a license and input the serial number without downloading and installing twice to save time for other endeavors.

Everybody is in pursuit of efficiency in this busy age. To meet customer needs, EaseUS Partition Master 9.2.2 makes things much easier: no need to re-download and reinstall application. Compared with its competitors, EaseUS Partition Master delivers affordable, cost-effective and easy-to-use disk and partition management solutions without sacrificing features, benefits, or performance.

As an ALL-IN-ONE disk management utility, EaseUS Partition Master enables users to manage their partitions with plenty of functions; for instance: to resize, format, delete, merge and copy partitions - and to maximize PC and Server performance.

EaseUS Software keeps on reinforcing its strategy to address individuals, SMBs and enterprise backup, recovery and storage management needs through enterprise-level functionality and very attractive pricing models. With the industry's cost-effective solution and comprehensive features, EaseUS software has a large user group around the world.
