

## **New update! EaseUS Todo Backup 5.8 is now available with more enhanced functions**

EaseUS Software, a leader software developer in data recovery, storage management and data backup and recovery, today announces the release of version 5.8 of EaseUS Todo Backup series. By enhancing compatibility with other software, and adding some new advanced functions for business users like GPT boot supporting 32 bit Windows PE and exploring backup images of email in Windows Explorer, EaseUS Software aims to ensure the safest and most up-to-date backup solution for Windows PC and Server users.

Enhanced features of EaseUS Todo Backup 5.8

- GPT boot supports 32 bit Windows PE
- Explore backup images of email in Windows Explorer
- Customize the template of email notification
- Enhance compatibility with other software

EaseUS Todo Backup protects and optimizes business data while maximizing uptime with cost-effective, comprehensive and easy-to-use backup solution carrying speed, reliability and scalability. Non-stop improvements have made EaseUS Todo Backup become a more reliable solution and the first choice for individuals, SMBs and enterprises. With mature technology for system and data migration, snapshot, hot backup and disaster restore for Windows PC and Server environment, EaseUS Todo Backup rises above the rest in this increasingly complex world.
